4. Annual Service

4.1. One of our Gas Safe qualified engineers will perform the service and safety check in line with manufacturers instructions

4.2. Included in this service / safety check, we will perform the following as a minimum:

- Check emissions using a fully calibrated flue gas analyser
- Check of the inlet and working gas pressure
- Clean condensate trap
- Clean magnetic filter (if fitted)
- Clean inside of boiler case
- Gas rate if required
- Test of safety devices and all safety checks in line with Gas Safe guidelines

4.3. We will also inspect the radiators, hot water cylinder and other components for leaks or defects

4.4. A gas tightness test will be performed in certain circumstances to ensure the property is free from gas leaks

4.5. The annual service will be arranged at a time and date convenient to you and in the month of your contract renewal. Unless otherwise arranged with the contract holder beforehand.

4.6 The annual service will be carried out Monday to Friday between 9am and 5pm unless otherwise agreed by Well Maintained Heating Services

5. Annual System Water Test

5.1 We will complete a test to check the quality of system water and determine appropriate treatment to ensure the system works at optimum efficiency, and the boiler is fully protected.

5.2 Results of the test may require additional work to be carried out on the boiler that may or may not be included depending on the plan that you are on.

6. Annual Carbon Monoxide Test

6.1 We will complete a test to check all carbon monoxide detectors in the property are working correctly once per year

6.2 If no carbon monoxide testers are present in the property we are able to fit for free
